- 2. The Chief, RCPS returned from a series of briefings on the Retirement Program and individual consultations on 7 October 1968. It was possible by this means to take a big step forward in our efforts to satisfy the retirement needs of employees, and by soliciting questions and recommendations to improve the overall effectiveness of the Program. The DC/RCPS is presently on a similar

The representative of the State University system of New York, for instance, represents 163 institutions and is searching for administrative/executive officers as well as professors.
- 4. A plan to post lists of vacancies (without identifying the organizations concerned) on centrally located bulletin boards was developed during October. The first lists will be post on 1 November.
- 5. Request was made of the Veterans Administration for detailed information on "modified" term life insurance for veterans. Several hundred copies of descriptive handouts were obtained for use in the November Retirement Seminar. Briefly, this insurance is available to veterans under age 60, and provides for continuing term coverage at an unchanged rate of premium until age 65. At that time coverage is reduced by 50%. This should be of definite benefit to eligible personnel who need continued insurance coverage and who might otherwise find the cost of continuing it prohibitive.

- 6. Other lines of RCPS research have produced helpful information on which additional details are being obtained. The Arlington National Cemetery was queried concerning eligibility and requirements for burial of veterans and/or their spouses in any of the more than 400 national cemeteries throughout the country. For purposes of acquiring full eligibility under Social Security, personnel who were at one time employed under the Railroad Retirement Act may have such coverage combined with later employment under Social Security, according to the Baltimore office of Social Security. Further inquiry is being made to the Railroad Retirement Board, Chicago, Illinois.
